PROFESSIONAL SUMMARY

Senior Drupal Front-End Developer with 6+ years of experience building responsive, accessible and high-performance websites on Drupal 8/9/10/11 and WordPress. Delivered 10+ Drupal projects for healthcare, research, education and non-profit clients, leading front-end on HEAL Security, NISO and Collaboration. Specialist in custom theme development, Twig templating, Pattern Lab / Atomic Design and Drupal 8 to 9/10/11 theme migrations. Builds reusable components that cut development time by ~30%, and turns Figma and Adobe XD designs into pixel-perfect, cross-browser interfaces.

Tools	Git, GitHub, Bitbucket, Jira, Confluence, Redmine, DDEV, Lando, LAMP/XAMPP, WordPress, PHP and MySQL (basic)
AI Tools	ChatGPT, Claude, GitHub Copilot

PROFESSIONAL EXPERIENCE

Senior Drupal Front-End Developer

Gai Technology, Dharamshala, India | Jul 2020 - Present

- Build responsive, cross-browser UIs with HTML5, CSS3, JavaScript, SCSS and Twig for Drupal (8/9/10) and WordPress websites.
- Create custom Drupal themes from scratch and lead theme upgrades and migrations (Drupal 8 to 9/10) with a focus on performance and accessibility.
- Convert Figma and Adobe XD designs into scalable, accessible front-end code; implemented Pattern Lab in Drupal 10 projects for design consistency.
- Structure dynamic content using Views, Layout Builder, Paragraphs and custom blocks; integrate GraphQL APIs for dynamic rendering.
- Led front-end development of HEAL Security and NISO (Drupal 10) with emphasis on performance, responsive design and flexible content presentation.
- Delivered 10+ Drupal websites on tight deadlines, several in a lead role, working with designers, backend developers and content teams.
- Improved page load times and UI responsiveness by optimising code, reducing dependencies and applying asset-delivery best practices.
- Built modular, reusable components shared across projects, reducing development time by ~30%.
- Handle monthly maintenance and security updates for CARE India and Alfaisal University.

KEY PROJECTS

HEAL Security (Drupal 9) Front-End Developer | 2 years | demo.healsecurity.net

Cybersecurity intelligence dashboard for healthcare security teams.

Tech: Drupal 9, Twig, SCSS, jQuery, GitHub, Redmine, DDEV

- Built a custom Bootstrap-based theme with custom Twig templates and site-wide theming.
- Integrated GraphQL API and drag-and-drop functionality.
- Created special pages with different sidebars and headers, plus block-style options (listing, slideshow, picture).

NISO (Drupal 10) Lead Front-End Developer | 1 month | niso.org
Information-standards organisation serving libraries, publishers and vendors.
Tech: Drupal 10, Twig, SCSS, Pattern Lab, GitHub, Redmine
- Led front-end delivery of a fully responsive, cross-browser site.
- Managed the move of styling and output from Pattern Lab to Twig templates; built custom header and footer blocks.

Collaboration (Drupal 8) Lead Front-End Developer | 1.5 years | 5xpressions.art
Platform for talents, companies and organisations to share content and join events and projects.
Tech: Drupal 8, Twig, jQuery, SCSS, GitHub, Redmine
- Built a custom Bootstrap-based theme with a customised Views slideshow and modal boxes.
- Implemented responsive media pop-ups (video, images, text) and jQuery sliders; used the Features module for deployment.

TII - Technology Innovation Institute, Abu Dhabi (Drupal 8) Front-End Developer | 6 months | tii.ae
Leading applied-research centre in Abu Dhabi, UAE.
Tech: Drupal 8, Twig, SCSS, Git, Jira, Bitbucket
- Built Paragraph layouts with custom templates and custom view modes; Bootstrap-based theme with Grid and Flexbox layouts.

Sesame Workshop India (Drupal 9) Front-End Developer | 6 months | sesameworkshopindia.org
Non-profit behind Sesame Street.
Tech: Drupal 9, Twig, jQuery, SCSS, Redmine, DDEV
- Built a Bootstrap-based custom theme with customised Views templates, content types and custom blocks; added jQuery pop-ups, tooltips and animations.

Cellworks (Drupal 9) Front-End Developer | 6 months | cellworks.life
AI-enhanced precision oncology and drug development company.
Tech: Drupal 9, Twig, jQuery, SCSS, GitHub, DDEV
- Created a custom theme on stable9 with Paragraph layouts, custom templates and the Bootstrap grid system.

ARBS (Drupal 8) Front-End Developer | 1 year
Smart energy, water and gas metering solutions platform.
Tech: Drupal 8, Twig, SCSS, Git, DDEV, Redmine
- Built a custom theme on Classy with responsive tables (DataTables), jQuery pop-ups and customised Views templates.

Alfaisal University and CARE India (Drupal 8) - Maintenance Drupal Developer | Ongoing
Academic site with OpenScholar integration; non-profit site maintained for 3 consecutive years.
Tech: Drupal 8, Twig, SCSS
- Built separate themes and faculty profile pages for each faculty; handled module security updates and monthly maintenance.
